

New members in the CDS

28.11.2023 - By decision of the Board of Directors Prof. Dr. rer. nat. Julian Thiele was admitted to the CDS as a new member and Dr.-Ing. Stefanie Duvigneau was admitted to the CDS as a new junior member.

Prof. Dr. Julian Thiele headed a junior research group of the Leibniz Research Cluster for Next Generation Cell-Free Biotechnology at the Leibniz Institute of Polymer research in Dresden. In Dresden Thiele was involved in setting up the Leipzig Application Laboratory "Additive Manufacturing/3D Printing". The chemist was appointed to the Chair of Organic Chemistry at Otto von Guericke University Magdeburg in August 2022.

Dr.-Ing. Stefanie Duvigneau has been working at the Institute of Automation Technology (IFAT) at Otto von Guericke University Magdeburg since 2016 and is leading the working group "Synthesis of Sustainable Biotechnological Processes" since 2023. In 2023, she was awarded the Klaus Erich Polliman Prize, endowed with 5,000 euros, at the academic ceremony of Otto von Guericke University Magdeburg. This honoured her outstanding achievements in the field of theoretical and experimental analysis of biopolymer production in microorganisms.
