Dissertation Prize 2019 for Dr.-Ing. Marcus Wenzel

25.11.2019 - For his doctoral thesis on the production of synthesis gas from carbon dioxide, Dr.-Ing. Marcus Wenzel received the faculty award for the best doctoral student of the Faculty of Process and Systems Engineering of the Otto-von-Guericke University Magdeburg for the period 2018 - 2019. Doctoral supervisor is CDS spokesman Prof. Dr.-Ing. Kai Sundmacher.

CDS member Prof. Dr.-Ing. Andreas Seidel-Morgenstern appointed President of the International Adsorption Society

02.08.2019 - Prof. Dr.-Ing. Andreas Seidel-Morgenstern, Director at the Max Planck Institute for Dynamics of Complex Technical Systems Magdeburg, is President of the International Adsorption Society (IAS) from July 2019 to June 2022.

> to the official press release of the Max Planck Institute (<https://www.mpi-magdeburg.mpg.de/3748829/2019-07-24-seidel-morgenstern-president-adsorption-society?c=3011>)

CDS member Prof. Dr.-Ing. Kai Sundmacher appointed Fellow of the Max Planck School Matter to Life

22.07.2019 - Prof. Dr.-Ing. Kai Sundmacher, Director at the Max Planck Institute for Dynamics of Complex Technical Systems Magdeburg and Head of the Department of Process Engineering, was appointed Fellow of the Max Planck School Matter to Life and the President of the Max Planck Society.

> to the official press release of the Max Planck Institute (<https://www.mpi-magdeburg.mpg.de/3726913/2019-06-06-sundmacher-fellow-max-planck-school?c=3011>)

Engineers revolutionise molecular microscopes

28.06.2019 - CDS member Prof. Dr.-Ing. Rolf Findeisen, together with engineers from Otto von Guericke University Magdeburg and in cooperation with colleagues from Forschungszentrum Jülich, has developed a method for measuring the electrical potentials of molecules and molecular surfaces with previously unattained precision and speed.
