The 15th Long Night of Science on May, 29th

16.04.2021 - **After a one-year break, the 15th Long Night of Science will take place on 05/29/2021.**

Due to the outbreak of the SARS-Cov-2 pandemic, the Long Night of Science was suspended last year. This year will take place again. Due to the current situation, this year in an online format.

Under the motto "SCIENCE MATTERS", the participating science and research institutions will offer a diverse programme hands-on experiments, digital lectures and panel discussions, a meeting of researchers and scientists, and an Open Science Barcamp.
